The classical education movement has established itself as a compelling approach to achieving excellence in Lutheran education. *The Consortium on Classical and Lutheran Education* was founded in 2002.

Its Mission is to promote, establish, and equip individuals and schools committed to confessional Lutheran doctrine and a classical approach to education.

Its Vision is to advance and promote classical education within the context of confessional Lutheranism among Lutheran teachers, administrators, pastors, and home educators by providing standards, school accreditation, conferences, in-service education, resource materials and consultation.

The Consortium presents this Eleventh Conference on Classical and Lutheran Education, *Classical & Lutheran Education: Why Educate?* with a wide array of talented Lutheran educators who are experienced with teaching and developing instructional resources to assist others to teach according to the classical education model. Plenary sessions and sectionals will provide participants with a broad range of resources including curriculum development, teaching strategies, basic orientation to the classical approach, instructional resources, administrators workshop, and much more. For additional information about the Consortium check out our website, [www.ccle.org](http://www.ccle.org).
